Attention: Khun Apirat Petchoo, Managing Director

Gentlemen,

This is in reference to your request letter of 01 February 2016 requesting External Specialist Recognition.

The review of your Quality Assurance System submittals and an audit of your facilities and a practical demonstration of your services have been satisfactorily completed. We are therefore pleased to advise that ABS recognizes **APT Technology And Consultant Co.,Ltd** (hereafter referred to as "the Specialist") ability to provide **Servicing and Maintenance of Lifeboats/Release Gear** which ABS Surveyors may rely on to make decisions affecting classification or statutory surveys.

It is the responsibility of the Service Provider to employ, train and qualify persons in the service provided. If the service requires approval from manufacturers, the service provider is responsible to maintain contact with the manufacturer and maintain any service manuals up to date. The employees who will conduct the servicing are to have photo identification and, if allowed, be listed on the company's web site. The products and models allowed to be serviced are to be listed on the company's web site. The ABS office issuing this certificate to be kept updated with changes to the management of the company, its employees, products and models on the list and any changes made.

At this time your records confirm that you have been approved by the following manufacturers to service the listed equipment:

1. JIANGYINSHI BEIHAI LSA CO., LTD. – Totally enclosed lifeboat/Rescue boat: Freefall Lifeboat: Fast rescue boat; Rescue boat; Open type lifeboat; Inflatable fast rescue boat & Associated Boat Davits & Winches.
2. Wuxi Wenjiao Glass Fibre Reinforced Plastic Factory – Freefall Lifeboats, Totally enclosed life boat, open type lifeboat, rescue boats, High speed rescue boat and release gear.

Provided the service operation system, as approved, remains substantially unchanged, ABS's approval and the attached Certificate of Recognition will remain valid for a period of three (3) years from the date of this letter. If any alteration to your approved service operation system is made, such alteration is to be immediately informed to ABS. Re-audit may be required when deemed necessary by ABS.

ABS reserves the right to conduct both annual and intermediate audits of your procedures. When ABS has a recent history of satisfactory services performed by your company, these audits may be waived by ABS. At its own discretion, ABS may withdraw its approval and invalidate the Certificate of Approval, for the following reasons:

1. Where the service was improperly carried out or the results were improperly reported,
2. Where a Surveyor finds deficiencies in the approved service operation system of the supplier and appropriate corrective action is not taken,

3. Where the specialist fails to inform ABS of any alteration in procedures,
4. Where intermediate audit, if requested, has not been carried out,
5. Where willful misrepresentations or omissions are ascertained.

ABS reserves the right to cancel the approval and to inform the IACS Members accordingly. Should your recognition be canceled, you may re-apply for recognition after corrective actions for the reasons for cancellation have been implemented to the satisfaction of ABS. **This possibility may not be open if the cancellation is based on a grave fault such as a violation of ethics.**

The Specialist is not a sub-contractor of ABS and is not to be considered an agent of ABS for any purpose. ABS recognition does not relieve the vessel's Owner, Operator, or any other party who contracts with the Specialist for its services, from their responsibilities concerning the services. The Specialist remains solely responsible for its equipment; the qualifications and competency of its personnel; their supervision; and their safety while performing its services.

Inclusion in the list of ABS Recognized External Specialists merely reflects the information the Specialist provided to ABS on the qualifications of the Specialist and its personnel. The accuracy of that information is solely the obligation of the Specialist. Your information will be published on the ABS web site www.eagle.org. If at anytime you wish to change the contact information of your company, please email ABS Programs direct at absprgm-recognizedspecialist@eagle.org

You are also eligible to use the "ABS Recognized Specialist Logo". The art work may be obtained from the ABS Office issuing this certificate.

In order to continue the ABS Certification, please submit a renewal request three (3) months prior to the expiration of the certificate just issued, to the ABS Office that initially approved your firm. ABS will send you an email alert 90 days prior to the expiration of your certificate.

I trust that you agree to the above terms and ABS looks forward to working with you.

Very truly yours,
